

## ABOUT DONATIONS

Material donations made to the project must be concrete and specific for such use; that is, not to carry unnecessary things or "empty our closet there." In Molo there are shops where you can buy things and it is very important to help the local economy and not fill the warehouse with unnecessary things or clothes that are not useful there.

However, if clothing and other items are donated, they must be in perfect condition, aimed at boys and girls between the ages of 4 and 16, and adapted to the socio-cultural context of the area.

### Clothes

- Shorts (not shorts) and long pants, skirts and dresses, T-shirts, sweater and sweatshirts, warm jackets, wool hats and caps, socks, leggings, underwear (new): panties and bras, briefs. Sportswear: mountain jackets, tracksuit, sweatshirts, shorts, etc ... AVOID WHITE CLOTHING (it gets very dirty;))

- Black leather shoes for the uniform, sports shoes, dress shoes. Maximum size 42.

The climate of Molo is cold and rainy for a large part of the year, so it is necessary to bring warm clothing and closed shoes.

### SCHOOL SUPPLES

- Pencils, pens, erasers, colored pencils, markers, etc.
- Notebooks, coloring books, scissors, etc.

If you plan to do a specific craft with children with a certain material, it is preferable to bring it yourself.

You can also bring books and stories in English to the library we are creating.

Movies on CD in English, such as Spiderman, Star Wars, Pirates of the Caribbean, cartoons, or Disney movies.

## **SPORTS MATERIALS**

- Soccer and basketball balls, inflators, tennis balls, paddle tennis or tennis rackets, net, etc.

In general, material for sports activities with children.

## **HYGENE MATERIALS**

IT IS PREFERABLE TO BUY IT AT MOLO STORES, only take it if they have made a large donation to you.

- Toothpaste, toothbrushes, compresses, etc. Unless a large donation of these products is made from Spain.

## **MEDICINE**

Paracetamol, ibuprofen and everyday medicines of this type can be carried.

## **IMPORTANT-BEFORE GOING:**

Chazon already has a series of suitcases ready to take to Molo, volunteers coming will be asked to help us carry one of these suitcases, since normally the airline allows you to carry two large suitcases. It is a material already classified and that we take every year to be able to donate there. For this reason, we ask that, if you

are traveling from Madrid, contact us if you can carry two suitcases, to give you one to travel with your luggage.

All the donated material will be classified in Chazon School and distributed according to the needs that are seen there when visits to families are made, in an organized and coordinated way with those responsible.

THANK YOU

CHAZON AFRICA
